

MEET THE NEXT GENERATION OF MITER BAND SAWS

Cut Faster, Run Smoother and Simplify Setup
Built on 48+ Years of Refinement

S-20NG
Manual

A dependable, entry-level miter band saw that delivers HYDMECH performance at a smart price. Ideal for job shops and general fabrication.

S-20PNG
Semi-Automatic

**Photo shows machine with optional overhead bundling*

Built for production. Automatic head lift after every cut, less manual handling, less operator fatigue, and more cuts per shift.
